EDUCATION

• Bachelor of Technology in Computer Science and Engineering

2021-25

Keshav Memorial Institute of Technology, Hyderabad

CGPA: 7.65

PERSONAL PROJECTS

• Image Generation using GANs

[View Project](#)

Advanced GAN-based Image Generation for Enhanced Real vs. Fake Classification and Detection.

- Developed and fine-tuned GAN models, including DCGANs and Conditional GANs, using Python to create realistic and adaptable images.
- Focused on overcoming challenges like mode collapse through advanced optimization techniques, enabling high-quality image generation for applications such as medical imaging and data augmentation.

• Web Based Diet Recommendation System

[View Project](#)

Personalized Diet Recommendations with Enhanced User Experience.

- Developed a personalized diet calculator tailored to user metrics, significantly enhancing user engagement.
- Designed a 3-page web application featuring a Home Page for seamless post-login navigation, improving overall user experience.
- Technologies utilized: Flask, HTML, CSS, JavaScript, Bootstrap.

• EDA - Google Play Store

[View Project](#)

Google Play Store Data Analysis and Visualization using Python, NumPy, Pandas, Matplotlib

- Exploratory Data Analysis (EDA) on Google PlayStore data, utilizing Python, Numpy, Pandas, and Matplotlib to extract insights, analyze trends, and present data-driven solutions.
- Technologies and Frameworks utilized: Python, NumPy, Pandas, Matplotlib .

• Skin Cancer Detection

[View Project](#)

Deep learning enhances skin cancer detection with accuracy and Explainable AI.

- A comparative analysis of various deep learning models for skin cancer detection based on their performance.

TECHNICAL SKILLS AND INTERESTS

Languages: Python, Core Java, HTML, CSS, JavaScript

Libraries: NumPy, Pandas, Matplotlib, TensorFlow, PyTorch

Web Development Tools: PyCharm, VS Code, GitHub

Frameworks: Flask

Cloud/Databases: SQL, MongoDB

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object-Oriented Programming, Database Management Systems, Software Engineering, Machine Learning, Deep Learning

Areas of Interest: Web Design and Development, Machine Learning, Deep Learning.

Soft Skills: Problem Solving, Self-Learning, Team Collaboration, Communication, Analytical Thinking

EXTRACURRICULAR ACTIVITIES

• National Service Scheme | Coordinator

Certificates

- Initiated camps such as blood donation drives in collaboration with the NSS student team to plan major college events. Organized and led fundraising events, raising over 25,000 for school activities and projects.

• Cloth Donation Event

- A social initiative by our team to collect and distribute clothes to the underprivileged. This event aims to spread warmth and kindness by encouraging community participation in helping those in need.

ACHIEVEMENTS

• Merit in Chess Tournament

Certificate

- Achieved 3rd place in District Chess Competition.

• Ranked among the top 5 of candidates (out of 164,963) in TS EAMCET 2021.
